Dear Mr. Smith:

Pursuant to our meeting of February 9, enclosed are the following documents relating to the Teakettle Land Exchange:

1. Map of Federal lands which identifies other ownerships in the area.
2. Revised legal description on Federal lands for the Statement of Intent. (*Exhibit D*)
3. Brief summary of our meeting on February 9.

Discussions with our Regional Office concerning the Statement of Intent indicates that we are not required to obtain the Statement in this particular form; however, we do need some type of letter from your Company which sets forth the lands to be included in the exchange. This letter, or Statement of Intent, is used as the basis for completion of the environmental assessment, examinations, and appraisals. Therefore, it is important that we obtain some written commitment concerning the exchange. Feel free to give us a call if you have any questions.

Sincerely,

HARRY W. MCALLISTER  
Zone Land Adjustment Specialist
